

# TRUST ICT SUPPORT SERVICE

We make technology work for you

## Does your Trust require a focussed Strategic ICT Support?

By engaging one of our experienced and expert consultants, you can:

### Develop your Trust-wide Strategic ICT

- **ICT Vision** – create a Trust wide ICT Vision that articulates your key aspirations.
- **ICT Strategy** – 3 year Development Plan – turn your vision into reality.
- **Trust ICT Special Interest Group** – set up a strategic ICT Working Group.
- **Trust Policies and Procedures** – create appropriate ICT documentation.
- **Due Diligence Academy Reviews** – gather key information on every Trust Academy.
- **BSF Exit** – access expert support to refresh / replace your ICT Managed Service.
- **Trust ICT Support** – identify your options and plan your ICT Support for the future.
- **Trust ICT Management Support** – for your current staff.

### Develop Trust-wide Operational ICT

- **Office 365 rollout** – enabling productivity, communication and collaboration across the Trust.
- **Google G Suite for education rollout** – enabling productivity, communication and collaboration across the Trust.
- **Sharepoint Development and rollout** – create a Learning Platform / intranet alternative.
- **ICT Procurement (best practice) / Efficiency Savings / Building Development** – access expertise and save money.
- **Data Analytics** – access all Trust wide interactive visual data in real time.
- **MIS** – review and rationalise MIS data across the Trust.
- **Computing Curriculum** – personalise and implement a Trust wide SOW, Activities and Resources.
- **Online Safety** – review and implement a Trust wide Online Safety Policy.
- **CPD** – provide bespoke training, linked to staff skills audit
- **Projects / Resources** – enable Innovation in the classroom (T&L) accessing a wide variety of projects, events and resources.

# TRUST ICT SUPPORT SERVICE

We make technology work for you

## What you get

- A pre visit conversation to obtain key information.
- A no obligation Trust visit to engage with key staff, to identify needs and priorities.
- A detailed personalised proposal, with key recommendations, costs and project plan.

## How much it costs

This depends on what your needs are and the number of days support you want.

**To discuss your exact requirements contact:**

**Jeff Howson (Director)**

## What Rushey Mead Educational Trust says about the ICT SUPPORT SERVICE

**Carolyn Robson**

**CBE, National Leader of Education, Vice Chair of Teaching Schools Council**

**CEO/Executive Principal, Rushey Mead Educational Trust, Melton Road, Leicester, LE4 7AN:**

*“Jeff, I would like to thank you for your current and future work for Rushey Mead Educational Trust and its individual academies. Your clarity and strategic thinking, accompanied by practical solutions and expertise are proving invaluable to the Trust. Conducting thorough ICT Due Diligence exercises for each of our schools joining the Trust has helped us to have a clear audit with key recommendations in the areas of Education, Technology and Finance. This then informs our short and long term planning and priorities for each school on an individual basis but also across the Trust as a whole and linking carefully to its vision.*”

## TRUST ICT SUPPORT SERVICE

We make technology work for you

*Your work is also invaluable in helping us develop a Trust Wide ICT Vision and Strategy, to enable us to articulate, through engagement with a wide variety of stakeholders, including staff and students from the Academies, teaching School and SCITT, our aspirations and a clear plan to achieve them.*

*At this point in our own academy's BSF ICT contract your clear advice and management of the refresh of ICT is particularly useful. This is an important exercise involving, determining the ICT Vision of the Academy, writing the ICT Requirements and managing an OJEU compliant procurement process. We know that your support will enable us to negotiate the most effective post BSF solutions for the academy.*

*The additional advice, support and training with regard to such areas as: ICT Support, Change Management, the Computing Curriculum, ICTSIG, Office 365 and Google Apps for Education Implementation, ICT Procurement, BYOD, MIS Data and Online Safety are also invaluable to us. This support is ongoing and helps all aspects of everyday operations within and across the Trust, whether it is in Teaching and Learning, Management or Administration. It has the potential to be transformational.*

*We hope to have a long term relationship with you and would also recommend any other schools who might want to access your services and consultancy. "*
